Presentation: Viking Sprinkler New Products, Their Applications, and Product Updates

Bryan Berkley is a National Technical Representative for Viking. He has 21 years in all aspects of fire protection inspection, installation, design and manufacturing and applications. He is NICET IV in water based systems, II in special hazards, and II in inspection & testing. He got his start in 1996 as an inspector for water based fire protection systems for 2 years then became a fitter installing water based fire protection systems for 4 years. From there he moved into the designing role for 9 years and became design manager for water based fire protection systems, foam systems, and clean agent systems. Over the past 5 years Bryan has been a national technical representative for Viking, covering the North East. (Virginia to Maine and Ohio). His responsibilities include working with engineers on specifications for the Viking, Fireflex and Minimax products, working with AHJ on new standards, and performing training for contractors. He has performed fire sprinkler and clean agent seminars for SFPE and ASPE (American Society of Plumbing Engineers).

Overview

Mr. Berkley will cover new products from Viking, their applications, as well as updates to existing products. Mr. Berkley is an excellent technical resource and will also have time for questions/answers.

Please forward this invitation to other industry professionals who are interested in the educational and networking opportunities provided by SFPE. SFPE is an extremely valuable resource to our local community and we need your support. We will have a key focus this year on growing our membership, our monthly meeting attendance, and the value we bring to our members each month and to our community. We welcome all AHJ's, specifiers/consultants, contractors/installers and owners involved in fire protection and life safety.
