SFPE Chapter Leaders News & Information

GOOD RIDDANCE 2021

by Chapter Engagement Manager: Eva Przygodzki

This year has been... quite the year. But still, our members have found ways to push through, to lead, grow, and I think that's worth celebrating.

Sure, some of the goals were not achieved, but in honor of the total curveball that was 2021, we pulled out a big sheet of paper, grabbed a pen, and started writing down the things we at HQ accomplished this year:

- Adding New chapters for a total of 117 globally.
- Robust educational program with 88 webinars and seminars.
- Well attended virtual European conference, and equally well attended in-person Annual Conference in Baltimore.
- The SFPE Connect online community where individuals interested in engineering a fire-safe world can connect, chat, and ask questions of each other.

As the year has changed, take a few minutes to write a list of your own. You deserve to feel good about every single thing on it!
